

**I&M Machine
& Fabrication
Corporation**

Quality Policy:

Rev.F
12/14/2018

**“WITH I&M’S CONTINUALLY IMPROVING QUALITY SYSTEM AND TRAINED WORK FORCE,
WE WILL DELIVER A QUALITY PRODUCT THAT MEETS OR EXCEEDS OUR CUSTOMER’S STATUTORY, REGULATORY
AND APPLICABLE REQUIREMENTS.”**

Objectives:

- **Have a trained work force by continually improving communications between departments and management verified through our internal communication log.**
- **Continually improve our quality system to deliver a quality product by maintaining our ISO 9001 certification and improving all associated ISO documentation.**
- **Satisfy the customer by meeting or exceeding their quality requirements measured through customer feedback.**
- **Strategic Direction: A complete service-one stop shop for; custom metal fabrication, precision machining and industrial metal finishing.**
